

Diaspora

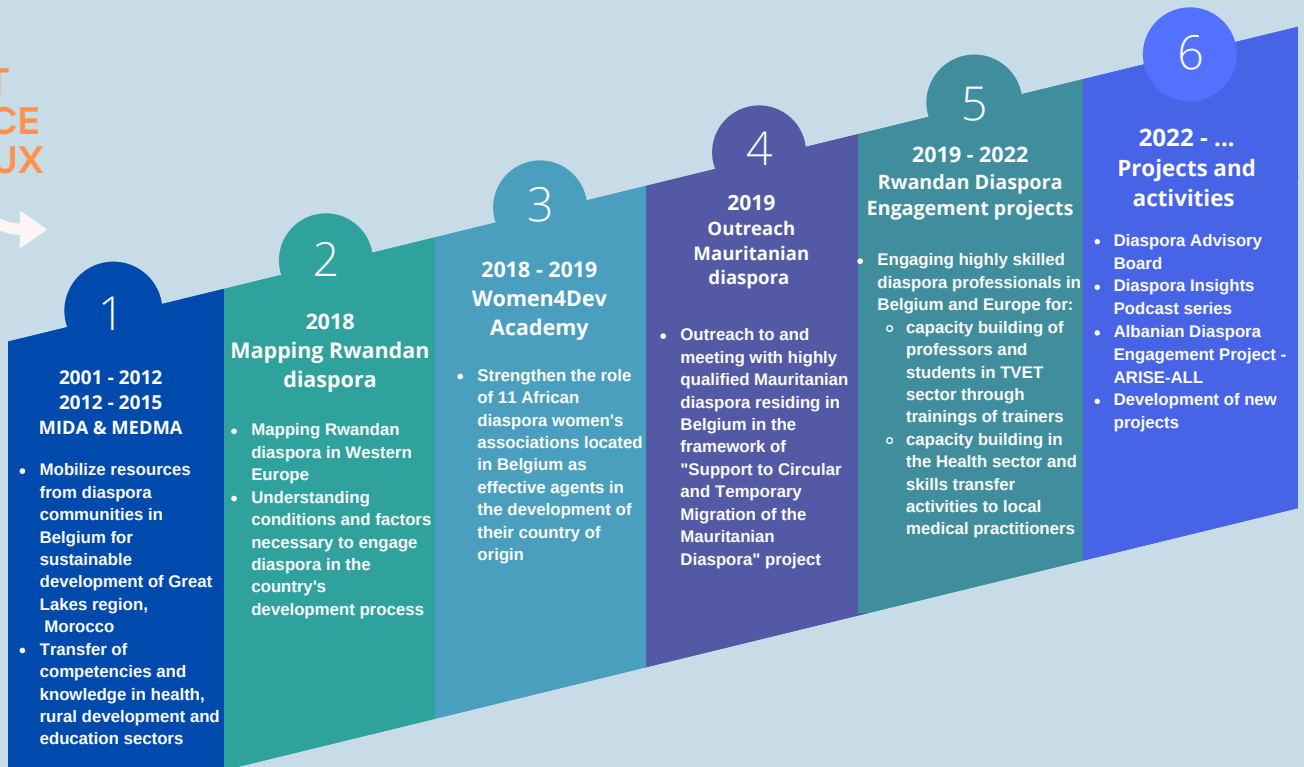

engagement

With over 20 years of experience, IOM Belgium and Luxembourg is aware of the importance to establish links and to engage with diaspora communities as powerful actors of development and change. The expertise, commitment, knowledge and skills of diaspora make it essential for our office to give the diaspora a prominent place by including them in the development and implementation of all of our projects.

HOW WE WORK

The office implements IOM's 3E strategic approach, which aims at enabling, engaging and empowering diaspora. With a designated Diaspora Focal Point, IOM Belgium & Luxembourg aims to guarantee that inclusiveness is part of every implemented project.
