

Unaccompanied Children in

Alternative Residence

U-CARE project

© Angela Wells / IOM 2019

Objective of U-CARE project:

Develop and improve alternative care systems for unaccompanied migrant children in Europe. Builds on the good practices and tools developed under the Fostering Across Borders (FAB) project.

January 2021 - August 2022 (20 months)

Partners U-CARE project:

International Organization for Migration

Greek NGO ARSIS

Pleegzorg Vlaanderen

Belgium

Guidelines to recruit foster carers

Awareness raising and recruitment campaign

Recruiting foster carers with a migration background for UMC

Training sessions, workshops and meetings for Belgian foster families and social workers

Germany

Develop 3 alternative care/living arrangement prototypes (including user guide) to support unaccompanied migrant children in their transition to adulthood

Pilot prototype(s) in German organization(s)

Training manual for German foster carers/social workers who are working with UMC

Greece

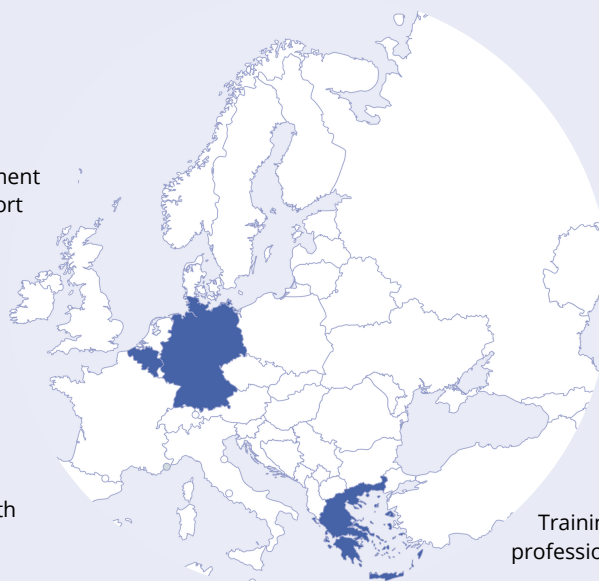

Recruiting Greek foster families for UMC

Develop training manual and leaflets with country of origin information

Training sessions for Greek professionals and foster families

This project is funded by the European Union
